We started out friends, then became lovers  
Everything you need, I got it guaranteed  
(I got it guaranteed)  
And from the first time I knew we'd be together  
When you're close to me girl I can hardly breathe  
(I can hardly breathe)  
And when you said hi, I never recovered  
You changed the speed (you changed the speed)  
Of my heartbeat (of my heartbeat)  
You gotta be mine, I swear I'll always love ya  
You got me out my mind  
And I didn't have to look in your eyes

I didn't have to look in your eyes (look in your eyes)  
You had me at hi  
I'm hoping that you don't say goodbye (don't say  
goodbye)  
You had me at hi  
And god must've taken his time (taken his time)  
You had me at hi  
I didn't have to look in your eyes (look in your eyes)  
You had me at hi

I hope this never ends, hope it lasts forever  
When you looked my way girl I was hooked that day  
(I was hooked that day)  
I swear you had the chant, girl you're like no other  
Everything I see, you're the air I breathe  
(You're the air I breathe)  
And if you said bye, I'd never recover  
You changed the speed (you changed the speed)  
Of my heartbeat (of my heartbeat)  
I promise that I will always love ya  
I know we'd last till the end of time before I looked at  
your eyes

I didn't have to look in your eyes (look in your eyes)  
You had me at hi  
I'm hoping that you don't say goodbye (don't say  
goodbye)  
You had me at hi

And god must've taken his time (taken his time)  
You had me at hi  
I didn't have to look in your eyes (look in your eyes)  
You had me at hi  
You had me at hi  
You had me at hi  
You had me at hi  
You had me at hi
