"Hit Me Up"

I'm burning up up inside
You left me out here all alone
Now I know it's way to hard for us to just hold on
This is a sign we should let it go

Girl I try my best to put up with your silly games
But nobody sees you crying when your in the rain
You got me going insane
Yeah

Say what you want
But I know, but I know now, girl

She hit me up
I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around
She hit me up
I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around

I can't believe you said the words I thought you'd never
say
Feeling like the more I try the more it slips away
This is a sign we should let it go
I know I should've but I couldn't let you walk away
I take you back when you know you don't deserve to
stay
You've got me going insane
Yeah

Say what you want
But I know, but I know now, girl

She hit me up
I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down

With a finger wrapped around
She hit me up
I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around

I'm dreaming as I watch you leaving
After getting dolled up this evening
It's so odd that you wanna get even
Fall apart cause you change every season
So now we ain't speaking
And you're talking on the phone all secret
Til I cut you off this weekend
Hearing the same song to long, remix

It's done for me, when it comes to me
Without you I'm livin' comfortably
Lose a couple z's but there's more than sleep
You're not the 5-4-3-2-1 for me

She hit me up
I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around
She hit me up
I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around

She hit me up
I can never think twice
Just my luck she rolled the dice
She hit me up, then tore me down
With a finger wrapped around
She hit me up
I can never think twice
Just my luck she rolled the dice
You tore me down, tore me down, tore me down
Wrapped around
