So many times thought we finally found our way
But now we're here at the end of the road once again
And I know I wasn't perfect but girl was it worth it?
'Cause now my love ain't coming back

I aint never had nobody hurt me so bad
Girl I was so mad, why'd you do all that shit that you
do?
And now you aint the only one that's trippin girl now I'm
missin you

Tell me who baby
Who gonna love you like me?
(Nobody)
Who baby
Who's gonna hold you like me?
(Nobody)
When the nights are so cold and you're feeling alone
Baby stop hurting and hurry back home
'Cause there ain't nobody like you
(Nobody, nobody)

So many nights thought I put you behind me
There's no denying my heart is capsizing again
And I know you aren't perfect but I know you're worth it
And I just can't let this thing end

Hurt someone so bad love is all I had
That's why I did the things I did
Now it's the end I'm trying to move on
How can the storm run when I'm missing you?

Tell me who baby
Who gonna love you like me?
(Nobody)
Who baby
Who's gonna hold you like me?
(Nobody)
When the nights are so cold and you're feeling alone
Baby stop hurting and hurry back home
'Cause there ain't nobody like you

(Nobody, nobody)
