I believe in music I believe in love I believe in music I  
believe in love  
I could just sit around makin' music all day long  
Long as I'm makin' music I know I can't do nobody  
wrong  
And who knows maybe someday I'll come up with a  
song  
That makes people wanna stop their fusin' and fightin'  
just long enough to sing along  
I believe in music I believe in love I believe in music I  
believe in love  
[ strings ]  
music is a universal language and love is the key  
People who believe in music are the happiest people  
life ever seen  
So clap your hands stomp your feet and shake your  
tambourine  
Lift your voices to the sky God loves you when you sing  
I believe in music I believe in love I believe in music I  
believe in love  
I believe in love
