Never heard a snowman talking
Never seen a reindeer fly
Nor seen a wooden soldier walking
Nor met Santa eye to eye

Now there are those who don't believe
In miracles or Santa Claus
But I believe what I believe
And I believe in Santa's cause

Never heard an angel singing
Never known a Scrooge to smile
But I have heard sleigh bells ring
And light a spark in some small child

For kids and tress light up at Christmas
As well as preachers and our lawns
And light a Santa way at Christmas
I believe in Santa's cause

There's a Santa world at Christmas
Turning to the world's applause
So hang a bell for ole Saint Nick
'Cause I believe in Santa's cause

Now there are those who don't believe
In miracles or Santa Claus
But I believe what I believe
And I believe in Santa's cause
