There's a picture that I carry one we made some time ago

When they ask who's in the picture with me I say just someone I used to know

Just a girl I used to spend some time with just a flame from long ago

I don't tell them of the nights I've cried without you I say just someone I used to know

[ fiddle ]

Just a girl I used to run around with just a spark that's lost its glow

I don't tell them how lost I am without you

I say just someone I used to know I say just someone I used to know

I say just someone I used to know
