No one will ever know the truth but me  
No one will ever know my heart is breaking although a  
million teardrops start to flow  
I'll cry myself to sleep and wake up smiling I'll miss you  
but no one will ever know  
I'll tell them we grew tired of each other and realize our  
dreams could never be  
I'll even make believe I never loved you then no one will  
ever know the truth but me  
No one will ever know how much I'm pining  
Each time the past comes back to haunt me so  
No one will ever see the tears I'm hiding you've hurt me  
but no one will ever know  
I'll tell them I've found true love with another  
That I was glad the day you set me free  
I'll even make believe I never loved you then no one will  
ever know the truth but me  
No one will ever know the truth but me
