"They Can't Get You Out Of Me"

Visit "[They Can't Get You Out Of Me](#)" on MotoLyrics.com

They took you out of the the country
They took you out to see you things you wanted to see
They took you out to the places you wanted to go but
they can't take you out of me
They took you out of your plain dress
They took you out and made you what you wanted to be
They took you out of my Saturdays and Sundays but
they can't take you out of me
They took you out of our good times they took you out
of the things we used to do
They took you out of my reason for living and I wonder
did they take me out of you
[guitar - steel]
They took you out of our hometown they took you out to
give you opportunity
They took you out of the places we were goin' but they
can't take you out of me
They took you out of our good times...
Oh I wonder did they take me out of you
