"Too Many Rivers"

I wish I could come back to you
love I know that you want me to
But too much waters run under this old bridge
And there's too many rivers between me and you
There's too many rivers to cross babe too many
dreams have been lost
And there's too many long nights I've turned and I've
tossed
And there's too many rivers to cross

Now don't think for a moment I blame only you
we both killed the fruit on the vine
And when you try to put love back together
There's always a few little pieces you can't find
And there's too many rivers...
There's too many long nights...
