Chorus:

I'm a lay-by lover
And you're just another
Who just wants to hit an run
Now you're on your own
Because I'm accident prone
And I hope that you have your fun

They say the devil loves his own
And lady you just go to roll
He drives your modus-operandi
Well lady you don't get this soul
What you call love I can't take no more
Go knock on someone else's door

Chorus

Because you specialise in your kind of lies
Lady you just hit and run

I just wanna say, you keep driving that way
And one day you'll be undone

I tried to love you my way
But lady you just wouldn't slow down
You drove a right on through me
When other guys came round
What you call love wouldn't give to a stray
I wouldn't threat a dog that way

Chorus

I just wanna say, you keep driving that way
And one day you'll be undone

One day you'll have to slow down
And lady it could be too late
You keep on acceleratin'
And lady I can see your face
No-one wants a secon-hand car
They know has been pushed so far

Chorus

You are dragging me down with this riding around
And one day you'll be undone
