Right from the time when we first said hello
Everything's been what it should and even more
I couldn't ask for a much sweeter time

Then when I wake up everytime my head hits the
ceiling
Then spinning around round and around my senses
are reeling
You're beautiful, you're beautiful
You're beautiful, so beautiful to me

When I look back to the times before you
Take and replace all those empty afternoons
I Didn't know what my life had in-store

Then suddenly you came into view whatever you could
do
I couldn't resist, I'm telling you this because it's so true
You're beautiful, you're beautiful
You're beautiful, so beautiful to me

Isn't it funny though
Isn't it really something?
Don't let that feeling go
Don't let it go

Now that the time has been rolling on
We're on our way in our little paradise
Things couldn't be any better you see

We're flying so high, walking the sky and over the
ceiling
Then I get a rush thinking of us and oh, what a feeling
You're beautiful, you're beautiful
You're beautiful, you're beautiful
So beautiful (I get a rush thinking of us and oh, what a
feeling)
To me

You're beautiful
So beautiful (I get a rush thinking of us and oh what a

feeling)

To Me (I get a rush thinking of us and oh, what a feeling)

To Me (I get a rush thinking of us and oh, what a feeling)

To Me (I get a rush thinking of us and oh, what a feeling)

To Me (I get a rush thinking of us and oh, what a feeling)

To Me
