You can't see what you mean to me
I just can't get you out of my head
You move me more than I've ever been
Like a wild supersonic jet

But I can see your love drifting away
And I don't want your love d-d-drifting away

I got told by a friend of mine
That you don't want me anymore
Now my friend's got a broken nose
Sure and I got a broken jaw

So don't push me around, throw me away
And I don't want your love d-d-drifting away

Don't you know what I'm living for?
Don't you know what I'm trying to say?
Don't try to shove me outta that door
'Cause you're mine and it's staying that way

I'm giving you my love, just throw it away
But I can see your love d-d-drifting away
Oh, drifting away, you got me drifting away
Oh, drifting away
