PART ONE

The radio, the vinyl disc
The jukebox chart, the hit and miss
And all the stars that went with this

In the last century, last century
Famous in the last century

Eddie Cochran, Jerry Lee
Phil and Don and Bobby Vee
The way the music used to be
I
n the last century, the last century
Famous in the last century, last century

PART TWO

Famous in the last century, the last century
Famous in the last century

Night and day, fire and rain
Jailhouse Rock and Penny Lane
All the laughter and the pain

Of the last century, the last century
Famous in the last century, famous in the last century
The last century, famous in the last century
The last century
