(seger)

I still remember, it was autumn and the moon was
shining
Our '60 cadillac was rolling through nebraska whining
Doing a hundred-twenty, man the fields was bending
over
Hauling up for the mountains knowing we was traveling
further
All our fires were blazing and the spinning wheels were
turning, turning
Had my girl beside me, brother, brother, she was
burning, burning

I walked up back to speak to this southern funky school
teacher
She had a lot of something heavy but we couldn't reach
her
We told her that we needed something that would get
us going
She pulled out all she had and laid it on the counter
showing
All I had to do was lay my money down and pick it up
The cop came busting in and then we lit out in a pickup
truck

Go! get out of denver, better go, go
Get out of denver, better go
Get out of denver, better go, go
Get out of denver
'cos you look just like a commie and you might just be a
member
Better get out of denver, better get out of denver

Well, red lights were flashing and the sirens they were
screaming
We had to pinch each other just to see if we were
dreaming
Made it to lovely pass in under less than half an hour
Lord, it started drizzling and it turned into a
thundershower

Well, red lights were flashing and the sirens they were
screaming
We had to pinch each other just to see if we were
dreaming
Made it to lovely pass in under less than half an hour
Lord, it started drizzling and it turned into a
thundershower
The rain was driving but the caddy kept on burning
rubber
We kept on driving 'til we ran into some fog cover
We couldn't see a thing but somehow we just kept on
going
We kept on driving all night long and then into the
morning
Morning fog had lifted when we looked to see where
we was at
We're staring at a colorado state policeman trooper cat

Go! get out of denver, better go, go
Get out of denver, better go
Get out of denver, better go
Get out of denver
'cos you look just like a commie and you might just be a
member
Better get out of denver, better get out of denver
Better go! get out of denver, better go
Get out of denver, better go
Get out of denver, better go
Get out of denver
'cos you look just like a commie and you might just be a
member
Better get out of denver, better get out of denver
Better go!

Get out of denver, better get out of denver
Better get out of denver, better....go!
Get out of denver , better go, get out of denver
Better get out, get out, get out
Get out of denver
Better go, get out of denver better go get out of denver
Better, better
Get out, get out, get out, get out, get out
