What's a boy to do, when fate is cruel?
Keep on, keepin' on try to bend the rules
I'll do anything to find a way to your heart

I got a rabbit's foot but luck don't come
Got my fingers crossed and they go numb
I can hold my breath and wish for you
I need a miracle to make it true

Life is hard, I need a remedy for the way I feel
My bread keeps landing jam side down
Say, you'll be there to spread love around

I was sweet on you that's how I felt
Got a butter heart, you made it melt
Like a big eyed kid in a candy store
I had a little sugar now i want some more

Life is hard, I need a remedy for the way I feel
My bread keeps landing jam side down
Say, you'll be there to spread love around

My bread keeps landing jam side down
Say, you'll be there to spread love around

You are my destiny you
Bring out the best in me you
You made me feel so lucky

So lucky to have you
And I need you, yeah, I need you

Life is hard, I need a remedy for the way I feel
My bread keeps landing jam side down
Say, you'll be there to spread love around

Life is hard, I need a remedy for the way I feel
My bread keeps landing jam side down
Say, you'll be there to spread love around

My bread keeps landing jam side down
Say, you'll be there to spread love around
