What's a boy to do, when fate is cruel  
Keep on keepin' on try to bend the rules  
I'll do anything to find a way to  
your heart I got a rabbit's foot, but luck don't come  
Got my fingers crossed, and they go numb  
I can hold my breath and wish for you  
I need a miracle to make it true  
Life is hard, I need a remedy  
For the way I feel  
My bread keeps landing jam side down  
Say you'll be there to spread love around  
I was sweet on you that's how I felt  
Got a butter heart, you made it melt  
Like a big eyed kid in a candy store  
I had a little sugar, now I want some more  
Life is hard, I need a remedy  
For the way I feel  
My bread keeps landing jam side down  
Say you'll be there to spread love around  
My bread keeps landing jam side down  
Say you'll be there to spread love around  
You are my destiny you bring out the best in me  
You made me feel so lucky  
So lucky to have you  
And I need you  
Yea I need you  
Life is hard, I need a remedy  
For the way I feel  
My bread keeps landing jam side down  
Say you'll be there to spread love around  
Life is hard, I need a remedy  
For the way I feel  
My bread keeps landing jam side down  
Say you'll be there to spread love around  
My bread keeps landing jam side down  
Say you'll be there to spread love around
