Oh baby, why don't you come home?
Oh baby, don't you leave me alone
Oh baby, been away for far too long

When you get home, gonna sing you this song
They're gonna know 'cos you've treating me wrong
Oh baby, been away for far too long

Oh baby, why don't you come home?
Oh baby, don't you leave me alone
Oh baby, been away for far too long

When you get home, gonna sing you this song
They're gonna know 'cos you've treating me wrong
Oh baby, been away for far too long
