Paradise Flat (Wilde and Scott)

She was sold at the paradise flats
Tell me, what d'you think of that?
No goodbye
Just a pat on the back

Well I know she's made her mind up
That she don't need me around
?????? what you're trying to do to me
Your trying to screw me down
Right through the ground oh yeah

In paradise flats there's rooms for hire No-one cares
who you are
You won't come back, it's too late now
You've been seen too much
I know what you are
You won't come back, no you won't come back

Well I know she's made her mind up
That she don't need me around
?????? what you're trying to do to me
Your trying to screw me down
Right through the ground oh yeah

Cheers, Lee
