( rossi / frost )

Sail away to the place across the sea  
Leave today so you cannot bother me  
And you cannot fail to see  
That it doesn't really matter much to me  
No it doesn't really matter that much to me

Blown away any time I wanted you  
Played away so I thought I'd try it too  
Just to see what I could do  
But it didn't really matter much to me  
No it didn't really matter that much to me

Living on the east side, looking to the west side  
Looking on the bright side, bright side  
Stepping over that line, checking out the birth-sign  
Making up for lost time, lost time

Sail away, don't believe I give a damn  
Go today, go and leave me as I am  
I'll remember when I can  
And it doesn't really matter much to me  
No it doesn't really matter that much to me

Living on the east side, looking to the west side  
Looking on the bright side, bright side  
Stepping over that line, checking out the birth-sign  
Making up for lost time, lost time

Sail away, could it be I've found away  
For today is the day I'm gonna write  
'bout the story of my life  
Will it ever really matter much to me  
Will it ever really matter that much to me

Living on the east side, looking to the west side  
Looking on the bright side, bright side  
Stepping over that line, checking out the birth-sign  
Making up for lost time, lost time  
Living on the east side, looking to the west side  
Looking on the bright side, bright side...
