Whispering

You know, I saw you were whispering

Listening

You didn't think I was listening

I got the right things all wrong again, once again

I hurt you, never feeling

Answer me

You know, you won't even answer me

After me

I know you won't hurry after me

If you feel that it has to be, as for me

We can't be sure of feelings

Don't fall apart

Or lose your heart

You're far away

Is it clear when I say?

Sorry for saying the things that I said

Sorry for starting it all

All I can say is sorry to you

And kiss your lips and tell you I love you

Chance today

We had our very last chance today

Romance today

It was our very last chance today

I spin the wheels and I'm fast away, far away

I don't know where but somewhere

Don't fall apart

Or lose your heart

You're far away

Is it clear when I say?

Sorry for saying the things that I said

Sorry for starting it all

All I can say is sorry to you

And kiss your lips and tell you I love you

Sorry for saying the things that I said
Sorry for starting it all
All I can say is sorry to you
And kiss your lips and tell you I love you

Sorry for saying the things that I said
Sorry for saying the things that I said
Sorry for saying the things that I said
Sorry for saying the things that I said
Sorry for saying the things
