Where is the sun that shone on my head
The sun in my life, it is dead, it is dead
Where is the light that would stay in my street
And where are the friends I could meet, I could meet

Where are the girls I left far behind
The spicks and the specks of the girls on my mind
Where is the sun that shone on my head
The sun in my life, it is dead, it is dead

Where are the girls I left far behind
The spicks and the specks of the girls on my mind
Where are the girls I left far behind
The spicks and the specks of the girls on my mind

Where is the girl I have loved all along
The girl that I love, she is gone, she is gone

All of my life I've tossed with the day
The spicks and the specks of my life gone away
All of my life I've tossed with the day
The spicks and the specks of my life gone away

Where is the sun that shone on my head
The sun in my life, it is dead, it is dead
