Feeling blue, missing you
Knowing you're hurting too
I'm needing you, you know I do
What you did you never knew

Looking back up the track
Loving me broke your back
Not a word, not a sound
You kept my feet on the ground

All night long
Time drags on
Love holds strong, I will
I don't write off the wrong

Letters come, letters go
Who will read, we never know
Another day, another year
The written word is all I hear

Do we all agree with you
Are you the judge? Overthrew
You killed a man, you say you lied
You didn't run, you didn't hide

All night long
Time drags on
Love holds strong, I will
I don't write off the wrong

Daily survival, years go so slow
Lady Survival, you'll never know

Feeling blue, missing you
Knowing you're hurting too
I'm needing you, you know I do
What you did you never knew

All night long
Time drags on
Love holds strong, I will

I don't write off the wrong
