Come on, now baby, don't you wanna go
Come on, a-baby, don't you wanna go
Back to that place I love, sweet home Chicago

Come on, now baby, don't you wanna go
Come on, a-baby, don't you wanna go
Back to the place I love, sweet home Chicago

Now one and one is two, and two and two is four
I got my bags loaded and I'm headin' for the door
Come on, a-baby, don't you wanna go
Back to that place I love, sweet home Chicago

Now two and two is four, four and four is eight
So won't you come on, baby, don't you make me late
Come on, a-baby, don't you wanna go
Back to that place I love, sweet home Chicago

Come on, baby, don't you wanna go
Come on, a-baby, don't you wanna go
Back to that place I love, sweet home Chicago

Come on, a-baby, don't you wanna go
Come on, a-baby, don't you wanna go
Back to that place I love, sweet home Chicago
