"Holdin' On To You"

Is there somebody out there?
Does anybody care about me?
How long do we know each other?
Those years feel like yesterday

I'm holdin' on to you
I need you by my side
Holdin' on to you
I'm holdin' on to you
I need you by my side
Holdin' on to you

In fear of a dying heart

I feel that it's only breaking
Yes - I still believe in love
And I always keep on waiting... for you

I'm holdin' on to you
I need you by my side
Holdin' on to you
I'm holdin' on to you
Forever by my side
Holdin' on to you
