Another night on the roof in the cold
Screaming at the sky
For any kind of answer as beautiful as sunrise in
Georgia
Let's get drunk and fall in love
Every other weekend
I'm feeling like I've been buried alive
But I tell myself I'm over you

On weekends, I feel you
It's like I'm breathing
And you're next to me
And even, if I tell you
You wouldn't listen

Another rock star on your list
Rise to the top,
All day poppin' Cris'
Never the time,
Never rewind,
And say:
"It wasn't mine" but I shouldn't have walked away

We're getting closer,
But we're still so far away
You've got me running in circles again

On weekends, I feel you
It's like I'm breathing
And you're next to me
And even, if I tell you
You wouldn't listen

We are all the things
That we love and we hate
So we beg for attention baby
We run and we hide
From the lights in this goddamn town
But nothing can save us now

Let's get drunk and fall in love

Every other weekend
I'm feeling like I've been buried alive
But I tell myself I'm over you

On weekends, I feel you
It's like I'm breathing
And you're next to me
And even, if I tell you
You wouldn't listen

On weekends, I feel you
It's like I'm breathing
And you're next to me
And even, if I tell you
You wouldn't listen
