I know what girls like
And I know what girls want

The clothes you wear
The smell of your hair
Its driving me wild
Your make ups on
Your boyfriends gone
Its time that you called me up

Cuz Ive got the stare, the glare
The things you want in me
Its now or never

The clothes you wear
The smell of your hair
Youve got me running

I know what girls like
And I know what girls want
I got it inside
Dirty, dirty

I know what girls like
And I know what girls want
I got it inside
Dirty, dirty

You touch yourself
And think of me
Come on, its not that dirty
Cuz Ive got that stare, the glare
The things you want in me
Youve got me running

I know what girls like
And I know what girls want
I got it inside
Dirty, dirty

I know what girls like

And I know what girls want
I got it inside
Dirty, dirty

You touch yourself
And think of me
Dirty, dirty
You touch yourself
And think of me
Dirty, dirty

I know what girls like
And I know what girls want
I got it inside
Its dirty, dirty

I know what girls like
And I know what girls want
I got it inside
Its dirty, dirty

I know what girls like
And I know what girls want
I got it inside
Its dirty, dirty

Yeah, yeah, so dirty
