My oxygens gone

Closer to closure
So take this out of me
Take anything you want
Cuz Ill still bleed, Ill still breathe
And its fading thinner, still its haunting me
I cant find the words to say to the angels
That took from me

But three words, three words
My oxygens gone

I cant sleep, I cant eat
I cry to god just to hear me
Its another day
And Im still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet its too soon for you

Im choking from knowing
The love youve given me
Its hard to believe what I see is no dream
Its no dream
Im drinking and sinking
Still its haunting me
I medicate my fears
With more beers and more tears

My oxygens gone

I cant sleep, I cant eat
I cry to god just to hear me
Its another day
And Im still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet its too soon for you

Its too soon, for you
Its too soon, its too soon, for you
My oxygens gone

My oxygens gone
Its too soon

I cant sleep, I cant eat
I cry to god just to hear me
Its another day
And Im still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet its too soon for you
