

Stealers Wheel "Next to Me"

Visit "[Next to Me](#)" on MotoLyrics.com

Each day you try on a different person
Trying to find out who you really are
Now I think I have a way of knowing
When I?m very close I?m not too far

I don?t know just when I really found me
At times I wonder why it took so long
Only thing I know is deep inside me
When I?m there it makes me feel so strong

Each day you try on a different person
Trying to find out who you really are
Now I think I have a way of knowing
When I?m very close I?m not too far
