I know this will not remain forever
However it's beautiful
Your eyes, hands and your warm smile
They're my treasure
It's hard to forget
I wish there was a solution
Don't spend your time in confusion
I'll turn back now and spread

My broken wings still strong enough to cross the ocean with
My broken wings How far should I go drifting in the wind
Higher and higher in the light
My broken wings still strong enough to cross the ocean with
My broken wings How far should I go drifting in the wind
Across the sky, just keep on flying

keisoku no dekinai itami to keisoku no dekinai jikan no nagare ga
subete wo uemete shimaou to shite mo
sore demo watashi ni wa kanjirareru
sora kara ochite kuru no wa ame de wa nakute. . .

Did I ever chain you down to my heart
'Cause I was afraid of you?
No, I couldn't hold any longer
Love is not a toy
Let go of me now
The time we spent is perpetual
Our future is not real
I'll leap into the air

My broken wings still strong enough to cross the ocean with
My broken wings How far should I go drifting in the wind
Higher and higher in the light
My broken wings still strong enough to cross the ocean with
My broken wings How far should I go drifting in the wind

Across the sky, just keep on flying

sora kara ochite kuru no wa ame de wa nakute. . .
