Bo! I've gotta make you love me..
You know I can't live without you.
I can't sleep.no I can't breath.I'm telling ya
I'm losing ma mind..
And everytime I think about it.
I know a nigga can't live without you.
B-Boy you're everything I want.
You've got whoot I want..
You're embraceable..
My unrequited dream..
I've gotta make ya love me.more than you can even
try..
more than you've ever image..we belong together
honkey
Forget da past.Just live for the moment..
I've gotta make ya love me..And that's whoot
I'm gonna do..
Always keepin'it real fella.
