[Suede]

Uh, Uh

We stay dressed

To impress

Spark the ladies interest

Sess to get them undressed

Once they wet

Get em back to the rest

Yo, I Suede

With black green Benz

And C-change

See dames in my vortex

From far range

Long chains

With Low hats

Cats with mink scarves

You squink

While I squeeze each of my thoughts off

Fresh, yes

Like I never been

Both the Lo

Know the direction you're headed in

Want to spend yen?

Drink gin my friend?

Gotta be in the shit that my crooks be in

From the front to the back

And it's so outta place

Gotta break off the cake

And break Capri off a taste

[Cheeba]

Me Cheeba

In green rag

On green jag

Might brag

While I breeze passed

His volkswag

Straight Hook

Back on coast ride

At Six Flags

Has stacked
From Green Bag and me sag
Fresh like I never be
Both the Lo
Know the direction you headed in
See my grin
From four kegs of gin
Gotta be in the shit that my chicks be in
From the right to left
On a slow kinda joint
Soundtrack to the Streets
Do you get the point?

[Suede]
Uh, Uh
We stay dressed
To impress
Spark the ladies interest
Sess to get them undressed
Once they wet
Get em back to the rest
They know...
