I'll be the clouds blockin' the sunlight, and  
I'll be the moon watchin' in midnight.  
Somewhere in your dreams,  
I'll be there.

I'll be a face in the crowd, for a moment,  
in all of the places that we used to go.  
Just look around;  
I'll be there.

Go on, leave me, run away.  
Try to unlock this ball and chain.  
You'll find some things you can't leave behind.

{Music with mandolin solo}

I'll be the words stuck in your head,  
over and over the last ones you said.  
Just listen close;  
I'll be there.

Oh, go on, leave me, run away.  
Try to unlock this ball and chain.  
You'll find some things you can't leave behind.

{Music with banjo and violin solos}

Oh, go on, leave me, run away.  
Try to unlock this ball and chain.  
You'll find some things you can't leave behind.

Hundreds of thousands of miles in between us  
would do you no good,  
Baby, because there's no leavin' me.  
I'll be there.

Wherever you go,  
I'll be there.
