

And Then I Turned Seven "Unforgettable Night"

I'm speechless, so impressed
I've forgotten all my pain
Your presence, in essence
Makes it go away
Please take the seat next to me
Please take the seat next to me
You're just a stranger to me
But somehow you've changed how I think
You saved me from my past
With just a harmless dance
Sedated, I hate it,
Too afraid to make a move
You're so friendly, the night's ending

And i haven't made a move
Please can I see you again
I don't want this night to end
Cause you're just a stranger to me
But somehow you've changed how I think
You saved me from my past
With just a harmless dance
Falling from your heart-shaped noose
That my dull teeth helped cut me through
Falling fast, into your arms,
The night's so cold, the air's so warm
