Twilight I greet you the beauty of the earth  
I've watched in dominion witnessed life's birth  
When sad your life ends  
The tears you will see of all who lived here for an  
eternity

What lies behind the veils  
What lies behind the veils  
Don't you wish you knew  
Is it hell awaits you or heaven that you drew

A judgment's now in order  
Your fate beyond command  
Your bill has now come  
Due payment on demand

I read some books about it  
Prepared as best I knew  
But when I have to face it I don't know what I'll do  
You must fear it also  
What path have you chose

What's behind the veils when deaths cold wind blows  
I spent my life deceiving those I thought I loved  
I only cared for myself  
I sent my loves away

I lusted for the women that were only whores  
I enjoyed their pleasures while cursing me to hell
