"Reaching Out To You"

There is no doubt
I checked it out
You are the key
That set me free
I send these words
They will be heard
I wish that you were
Here with me
So many miles apart
Still I can feel
Your beating heart
I guess things
Must be the way
They must be
I wish that you
Were here with me
I'm reaching out

Reaching reaching
Out to you
I never met no one like you
That makes me feel the way I do
I am reaching out to you
For your love
For your love

There is no way (no way)
That I can stay (can stay)
So far from you
That's hard
I need you here
And it don't seem fair
Although this time
Has made our love
A little stronger
So many months between us
I know this feeling won't leave us
Some say absence
Makes the heart grow fonder
Oh but I can't
Take it any longer
NO NO

I'm missing your love
It means so much to me
Your love is my safety

Reaching reaching
Out to you
I never met no one like you
That makes me feel the way I do
I am reaching out to you
For your love
For your love

I'm missing your love
It means so much to me
I need you here
Right here, right here
With me
I'm reaching out
