Please explain a couple of things to me  
How could you leave and then turn your back on me  
if only we said goodbye, maybe then i would respect  
my life  
in the end i am so ashamed of what you did  
(why) you said that you would never leave i didnt even  
see you go  
(why) now i am starring at an empty space its the place  
that you used to be  
(why) and the look you see upon my face is the gift  
from you to me  
a haunting pain inside that lingers over me  
this is not the way its supposed to be if only we said  
goodbye maybe then i would respect my life  
in the end and im so ashamed of what you did  
(why) you said that you would never leave i didnt even  
see you go  
(why) now i am starring at an empty space its the place  
that you used to be  
(why) and the look you see upon my face is the gift  
from you to me  
you made me what i am you made me what i am  
you made me what i am you made me what i am  
(why) you said that you would never leave i didnt even  
see you go  
(why) now i am starring at an empty space its the place  
that you used to be  
(why) and the look you see upon my face  
is the gift from you to me  
is the gift from you to me
