Who you with, who you with, who you with?

Who you with, who you with, who you with?  
Who you with, who you with, who you with?  
I'm with my click bitch, I'm with my click  
I'm with my click bitch, I'm with my click

Who you with, that a trick question  
I'm with 18 ounces and a Smith & Wesson  
Young nigga from the south, bout the dumb shit  
As I'm running off remember boy I run shit  
It's a thick bitch, who you with shawty  
Keep the name and the number, let me hit shit  
Shawty, presidential on my wrist, that's a brick shawty  
And I just fucked off your rent, on my kicks shawty  
I'm in manico, with the plug, shawty  
You might catch me in a foreign whip, glock 40  
And you might catch me in the club with a cool 40  
That's on 20 in left and my right pocket  
Young nigga with me thugging bitch that's who I'm with  
And everywhere we go, they say we with the shit  
And every other week, you with a different glitt  
You say you dancing there, we don't know who you with

Homies in the hood selling water like 50

Try to stunt, I put your maybach on flats  
Put your chick on e, yeah I give her that molly
