I never seen you looking so bad my funky one  
You tell me that your superfine mind has come undone

Any major dude with half a heart surely will tell you my  
friend  
Any minor world that breaks apart falls together again

When the demon is at your door  
In the morning it won't be there no more  
Any major dude will tell you  
Any major dude will tell you

Have you ever seen a squonk's tears? Well, look at  
mine  
The people on the street have all seen better times

Any major dude with half a heart surely will tell you my  
friend  
Any minor world that breaks apart falls together again

When the demon is at your door  
In the morning it won't be there no more  
Any major dude will tell you  
Any major dude will tell you

I can tell you all I know, the where to go, the what to do  
You can try to run but you can't hide from what's inside  
of you

Any major dude with half a heart surely will tell you my  
friend  
Any minor world that breaks apart falls together again

When the demon is at your door  
In the morning it won't be there no more  
Any major dude will tell you  
Any major dude will tell you  
Any major dude will tell you
