Hey people
I can't seem to make up my mind
Cause I'm undecided
You're the reason why
My delay is just a way of telling you that I
I love you
Go away
I hate you
No please stay
I want you
I'm so undecided
So divided inside of me
Hey baby
Suddenly I found that my whole world is turned upside
down
And I'm broken hearted
I confess the crime
Who can free this heart of me?
Till then I know
That I
[Chorus]
[Solo]
[Chorus (2x)]
