Caught like a fish out of water  
a hand in the fire, a heart on display  
everyone sing hurray, 'cause the truth was revealed  
and the fire was friendly hanging around, passing  
time,  
let the word be announced  
that she sings like a bird, little girl in my hand  
build a nest, come closer under the cover  
pass through the park covered by the dark  
walk like a man - if you can  
head over heels 'til you're safe again  
back at her place, open the gate  
please don't let it be too late  
the wind moves around, building maces, drawing a  
picture that  
no one will see, it's a sight for sore eyes  
and sore eyes are all around me  
well, come have a drink, let the afternoon vanish  
we'll talk about old times and people we hate  
'til the hour is late and we find we have wasted our last  
reserve  
April & May, are you ok?  
talk to me, say I don't have to go that way  
pictures in frames - all misplaced - back in a haze  
I swallow my tongue  
please don't let the race be run  
look at me girl and sing me a song  
I'm longing for words 'cause mine are all gone  
but we'll be all right, after all it's just a nightmare  
April & May are you ok?  
talk to me, say I don't have to go that way  
pictures in frames - all misplaced  
back at her place  
open the gate  
key in the lock  
the door opens up  
what was it you said?  
a fever in your head?  
enough is enough  
let the music stop!  
Why can't you just wake me up?
