Hey, I talked to your mother the other day
She said: "I wish he was here"
"I wish he would stay"

How can I tell her what you've really done
Cause every mother loves her son

(It reminded me) Of the way it used to be
(It reminded me) Why I had to set you free
(It reminded me) That you got a kid on the way
(It reminded me) Why I just couldn't stay

(Can't trust nobody) Just by the words they speak
(Don't understand) Why you move that way on me

I can't get you out of my system baby
You're still everywhere, can't get you out of my hair, I
swear
I always see you where I go baby
You're bringing me down
I can't get away from you

Tell me how do you sleep with your double life
A man is supposed to have just one wife
Did you think I wouldn't hear it on the vine
I wish that I could press rewind

(It reminded me) Oooh, of that bitch you flaunt

(It reminded me) Of my favourite restaurant
I can't believe you brought her here
In the same black dress I used to wear

(I can't erase you) From my memory
(I can't replace) All the joy you stole from me

I can't get you out of my system baby
You're still everywhere, can't get you out of my hair, I
swear
I always see you where I go baby
You're bringing me down, and I can't get away from
you

I can't get you out of my system baby
You're still everywhere, can't get you out of my hair, I
swear
I always see you where I go baby
You're bringing me down, and I can't get away from
you

I can't get you out of my system baby
You're still everywhere, can't get you out of my hair, I
swear
I always see you where I go baby
You're bringing me down, and I can't get away from
you
