Take one

Take two

Believe it or not this is a plan of action
A perfect teenhood is a drug racket
It's a beautiful day and I am up and at 'em
Motorcycles and cops are the main attraction

Tommy Gun
Blood Lust
A perfect teenhood
Fuck you

A freak visitation from a sister planet
A holocaust solution requires network access
Information society takes a new direction
The highway and a gun, the latest fashion

Tommy Gun
Blood Lust
A perfect teenhood
Fuck you

Take one

Take two

So believe it or not, this is a plan of action
This ain't no mercy mission, this is target practice
The atomic thrust is gonna tear you askew
Agent X is Bettie Page, she's in the rear-view

Tommy Gun
Blood Lust
A perfect teenhood
Fuck you...
