I was an arrogant son  
And you were barely holding onto me  
So we, lost everything that we had

One, more night  
Just call my name and I could meet you there  
Just call my name and tell me I made you proud

I have become who I hope that you were  
But I'd tear out my two eyes for one chance to bring  
you back here  
It's not that far to the hospital  
Just say you'll take me, and I'll be happy

I have become who I hope that you were  
But I'd tear out my two eyes for one chance to bring  
you back here  
It's not that far to the hospital  
Just say you'll take me, and I'll be happy

The hospital

Is this time or an afternoon sun  
When life is marked by years that run from me  
So please, just tell me where I went wrong?

One more night  
Spent in this room and coping with regret  
Just call my name and tell me I make you proud

I have become who I hope that you were  
But I'd tear out my two eyes for one chance to bring  
you back here  
It's not that far to the hospital  
Just say you'll take me, and I'll be happy

I have become who I hope that you were  
But I'd tear out my two eyes for one chance to bring  
you back here  
It's not that far to the hospital  
Just say you'll take me, and I'll be happy  
And I'll be happy
