"Earth And Sky"

Visit "[Earth And Sky](#)" on MotoLyrics.com

My Christmas list is short
This year, I'm aiming high
All I want for Christmas
is the earth and the sky
I dream of fresh, clean air
where singing birds fly by
All I want for Christmas
is the earth and the sky
Please give me a clear, blue ocean
where laughing dolphins play
Let me have a cool, green forest
where sleepy bears yawn at the end of the day
I've been good all year long
The rest is up to you
Won't you help to make
my Christmas wish come true?
One wish for you and me
and every butterfly
All I want for Christmas
is the earth and sky
