He told me to make it  
He told me to work things out  
Those fears felt at night  
Come out into the light

He told me to make it  
He told me to work things out  
I'm sleepless at night  
This room is so tight  
The soul in my body,  
It does not belong to me

All those reflections are shining so bright

They turn to look at me and  
They run me down somehow  
I've gotta go now, I've gotta go now  
I've gotta go now, I've gotta go now

He told me to make it  
He told me to clear up my mind  
Should smash all the walls that get closer to me  
No shadows that chase me  
No things that won't let me be  
Someone I can trust is so hard to find

They turn to look at me and  
They run me down somehow  
I've gotta go now, I've gotta go now  
I've gotta go now, I've gotta go now

I close my eyes, oh I close my eyes  
I face myself before I pay the price  
I close my eyes, oh I close my eyes  
I face myself before I pay the price

He told me to make it

He told me to work things out  
The fears felt at night  
Come out into the light

They turn to look at me and  
They run me down somehow  
I've gotta go now, I've gotta go now  
I've gotta go now, I've gotta go now
