Oh God of my salvation
You are the rock that moves me
You are the rain that fills my soul
Whenever life seems heavy
I know You're more than ready
to come and make my spirit whole
And this is my song of praise

Oh Father of heaven
Your glory fills the earth
with Your power and majesty
nothing compares to your works

Oh God of my salvation
You are the rock that moves me
You are the rain that fills my soul
(You're the rain that fills my soul)
Whenever life seems heavy
I know You're more than ready
to come and make my spirit whole
And this is my song of praise

(Oh this is my song of praise)

Oh God of my salvation
you are the rock that moves me
(you are the rock)
you are the rain that fills my soul
(rain that fills my soul)
Whenever life seems heavy
I know you're more than ready
to come and make my spirit whole
And this is my song of praise

(Oh I love to praise you)

I've come to worshsip
I've come to praise you
for I know the strecgth of your name
and if the earth should pass away
you oh Lord will remain the same

Oh God of my salvation
You are the rock that moves me
You are the rain that fills my soul
(You're the rain that fills my soul)
Whenever life seems heavy
I know You're more than ready
to come and make my spirit whole
And this is my song of praise

Oh God of my salvation
you are the rock that moves me
you are the rain that fills my soul
(You're the rain that fills my soul)
Whenever life seems heavy
I know you're more than ready
to come and make my spirit whole
And this is my song of praise

(this is my song)

Oh God of my salvation
you are the rock that moves me
you are the rain that fills my soul
(You're that rain that fills my soul)
Whenever life seems heavy
I know you're more than ready
to come and make my spirit whole
(Come and make me whole)
And this is my song of praise

(this is my song of praise)
