Hey schoolboy
Come over here
Tell me your name
Whisper in my ear
waaayoo waaayoo

ugh

Hey schoolboy
You're only 17
You live down the street
I think you know what I mean
waaayoo waaayoo

{Chorus}
Belong to me
Because tonight
You make my world feel right
Yeah it's you and me
It's you and me
It's you and me tonight
Tonight
It's you and me tonight
Hey schoolboy

I'm in the car outside
No one has to know
After school gets out
Sneak ya' into the show
waaayoo waaayoo

yea

Right beside of the stage
Yeah its plain to see
You're the one that they want

But your comin' home with me

{Chorus}
Belong to me
Because tonight

You make my world feel right
Yeah its you and me
It's you and me
It's you and me tonight
Tonight
It's you and me tonight
Hey schoolboy

You kiss and tell
Boy I dont mind
Don't be afraid
I got nothin to
Nothin' to hide

{Chorus}
Belong to me
Because tonight
You make my world feel right

Belong to me
Because tonight
You make my world feel right
Yea it's you and me
It's you and me
Its you and me tonight
Tonight
It's you and me tonight
Hey schoolboy
