She hates the man and he hates the man  
because something strong inside  
has been denied them  
but not him, Oh not him

He hates the girl and she hates the girl because  
something weak implied  
they fought to push aside them  
but not her - Oh not her

The girl isn't alive - but the man is dead because it's all  
been said before  
The girl isn't alive - but the man is dead because you  
only have your mentor  
to draw - you whore

dead lumps of meat melt in this heat  
dead lumps of meat melt in this heat

has been denied them  
but not him - Oh not him

He hates the girl and she hates the girl because
