The bursting balloon cocktails are soon
young glands young flesh invade the room
a sardonic mood ughh...
watch the rich fatty eating raw fish with avid curiosity

oh piggy squeals and donkey bray -- at a sober party
doggy barks and horsey neighs -- try to shock the party

impaled on pleasure impaled on a spear impaled with
danger
impaled with fear
a disfigured dismembered sex with a third world cast
young glands young flesh the beating heart

oh piggy squeals and donkey brays -- at a sober party
doggy barks and horsey neighs -- try to shock the party

the bursting balloon cocktails are soon
young glands young flesh penetrate the room
they fall on the camera lens against the tumble drier
screen
on the edit room floor lies a messier scene

oh piggy squeals and donkey brays -- at a sober party
doggy barks and horsey neighs -- try to shock the party
