"Sad Cunt"

Such a sad boy
with your lost voice
in a metal box
mailed second class

Into the twenty first century
with a lackluster cast of a b-movie
got no mouth but you need to scream
You're sad
You're sad

Stir it up
from the permafrost
your in the Kellogg's box
meet the stepford kid

Into the twenty first century
got no mouth but you need to scream
You're sad boy

If you wanna look for heaven
you're gonna have to die first
watch your mother or your lover
meet the dildo kid

Into the twenty first century
got no mouth but you need to scream
You're sad boy

Sad boy
with your lost voice
in a metal box
mailed second class
You're sad boy
Sad boy
Sad
